

THE FOUR WAY TEST

- 1.-Is it The Truth?
 - 2.-Is it fair to all concerned?
 - 3.-Will it build good will and better friendships?
 - 4.-Will it be beneficial to all concerned?

SWARTHMORE, PA. USA VOL. 53 NO. 5 AUGUST 3, 1990

A TABLE GRACE: History tells us to our shame, O Lord, that many wars and much human strife have had their start in August. We speculate upon the reasons and spin theories, yet deep down we know "that wars and fightings come from within us" whether in our homes or in the wider world. Forgive us, O God, and teach us to live in harmony with one another. Thank you for Rotary and its ideals that are nurtured here week by week. AmenFred Christian, Chaplain.

THIS WEEK: We have the rare privilege to have our guest speaker to be introduced by her father! Lydia M. Pastuszek, President of Granite State Electric Co. and Vice-President of New England Power Co., is the daughter of Rotarian Bill Pastuszek. Even though Bill is involved, this is no joke! Lydia's subject will be "Why would your electric company pay you not to use electricity?"

LAST WEEK: Pres. Bill opened the program aspect of our day by commenting about the seemingly "two for the price of one (1\$)" characteristic to our program recently!! In hearing Dick Pound, District Governor's office and Paul Kubichek, our student exploring career possibilities in Environmental Resources, we got more than our money's worth!!! Dick, without being X-rated at all, urged us to make the Washington, D. C. District Conference a family outing in the nation's capitol. In addition to good living and eating arrangements, it will be cherry blossom time in the City and when one adds good speakers a goodly number should be present.

Paul Kubichek added his gentle warmth and insight to our thinking by telling us of his outstanding experience at the VPI Environmental Resource seminar. The seminar was as much a "hands on" educational experience as it was theoretical. Paul obviously liked it!! He was most profuse in his thanks to the Club for supporting this educational venture. It was good that Paul believes he will continue to consider environmental care as a career choice!!!

NEXT WEEK: Our speaker will be Wm. Irwin Arbuckle, II, Senior V.Pres. and Chief Investment officer, Board of Pensions, Presbyterian Church, USA. Bill is also the 1990-91 President of the Philadelphia Rotary Club. He will be introduced by Bob Moreland.

FUTURE MEETINGS: 8/10 Bob Moreland 8/17 Richard House

SOUNDINGS: Some wit, wisdom and a bit of common sense about the art of managing people.

One of your resolutions should be to speak softly and sweetly. If your words are soft and sweet, they won't be as hard to swallow when you have to eat them.

Don't ever be afraid to admit you are wrong. It's like saying you're wiser today than you were yesterday.

Postage stamps are getting more expensive, but at least they have one attribute that most of us could emulate; they stick to one thing until they get there.

A happy person is not a person in a certain set of circumstances, but rather a person with a certain set of attitudes.

Hugh Downs

DON'T BE AFRAID TO GO OUT ON A LIMB. THAT'S WHERE THE FRUIT IS.

The parents of an eight-year-old boy who was away at camp for the first time hadn't heard from him, so they called him and were a bit disappointed to discover that he hadn't missed them at all.

"Have any of the other kids gotten homesick?" his mother asked.

"Only the ones who have dogs." replied the boy.
